Monthly cost	£6.00

- Children up to the age of 12 years old are seen free of charge if their parent or guardian is a member of the practice.

How do these appointments help your child?

Dental health examinations provide:

- Thorough examination of their current dental health to catch developing problems early
- Checking for signs of oral cancer for early detection
- X-rays, where clinically necessary, for an internal examination of their oral health.

We believe this results in the complete package to maintain your child's oral health. We recommend joining to help reduce the risk of expensive restorative treatment in the future. Please speak to any member of the team if you would like more information or for details on how to register your child.
